

## ***New Partner Strengthens AVP Water Practice***

**We are pleased to announce that Mr. Brian Heimbigner has joined AVP reinforcing the AVP Water Practice**

***Brian Heimbigner holds an MBA, majoring in Marketing and Finance, and a BS in Chemical Engineering from the University of Washington. He is a well experienced executive with a strong track record in the North American Water industry.***

Mr. Heimbigner has held several leadership positions, for example at ABB Automation, responsible for strategic planning and re-entry into the North American water market, and as Product/Technology Manager at Siemens Water Technology (former) USFilter.

He is strategically focused on Sales, Marketing, and Business Development for B2B with significant experience in domestic and international sales and general management. He has a well proven ability to lead teams of creative professionals (sales, engineering, project management, field startup & O&M) to achieve targeted results and create customer-centric solutions.

He is joining AVP to further strengthen our Water Practice Team with focus on identifying value generating M&A and international partnering transaction opportunities and supporting performance improvement.

We would be very happy to provide you with further information and to organize a personal meeting.
