

*ICFG Germany delivers virtual training to 38 ICFG members around the globe*

**ICFG member Wintergerst Societät für Unternehmer-Beratung, based in Stuttgart, will be delivering an online training session to 38 members of the network encompassing 11 countries across the world on Thursday December 3<sup>rd</sup> 2020.**

38 attendees from ICFG members around the globe will be take part in a virtual training session on Thursday, organised and delivered by our member in Germany, Wintergerst Societät für Unternehmer-Beratung. ICFG aims to deliver two training session per year hosted by varying members at their office locations, however, under current COVID travel restrictions, like many businesses and organisations in 2020 we have had to adapt the way we work, and training this year will be delivered virtually via a webinar.

Our member in Stuttgart has years of experience and expertise in Restructuring and managing distressed assets and is therefore perfectly positioned to share their knowledge and practical experience with our members. Many of the training participants hold junior roles within their respective teams, so will benefit greatly from Wintergerst's impressive track record in this particular field.

The online training session is an important opportunity for our junior members to meet each other again, albeit virtually on this occasion, and to share transaction experiences, learn from each other and increase co-operation across the network.

**Volker Wintergerst, Managing Partner at Wintergerst Societät für Unternehmer-Beratung commented;**

“Although we regret that we could not invite the other ICFG members to come to our office in Stuttgart in person due to COVID, we are more than happy about the very positive feedback with almost 40 participants attending our virtual training this year.”

**Markus Hehn, Vice President at Wintergerst, who will be delivering the majority of the training content added:**

“We are looking forward to hosting the ICFG training this year. The event will enable the ICFG members to get to know each other a little bit better. The large number of participants provides an excellent basis to further improve the cooperation between the individual firms of the ICFG network.”

### About Wintergerst Societät für Unternehmer-Beratung GmbH & Co. KG

Wintergerst Societät für Unternehmer-Beratung GmbH & Co. KG, Stuttgart and Hamburg, is a consultancy firm specializing in medium-sized family businesses with a focus on the support of corporate transactions, restructuring services and strategic realignments. Wintergerst has a high level of industry expertise and often will assign relevant to their projects relevant personnel who have many years of management experience in the respective industry. Through the involvement in the renowned international network ICFG, attractive partners are often identified with a global M&A approach. [www.wintergerst.com](http://www.wintergerst.com)

### About ICFG

ICFG is an M&A and corporate finance network of independent member firms focussing on the middle-market, where we design, initiate & execute transactions up to \$300 million. With 20 offices all over the world, we have the in-depth knowledge of local markets to make a cross-border transaction happen. Since 1956, our members have closed thousands of transactions in virtually every industry.

Our understanding of local cultures, marketplaces and regulatory environments and expertise in cross-border transactions has resulted in many satisfied customers and attractive cross border deals. We recognize the challenges and opportunities of midmarket companies going international and we therefore ensure that our clients receive active and sophisticated advice from our partners and employees at all stages of a transaction.
